**Re: Sourcing Change of DOW CORNING(R) AF-8014 ANTIFOAM**

At Dow Corning, we value you as our customer and continuously strive to provide you with consistent product quality, supply, and service. We understand the importance of change notification to our customers.

This notification is to inform you the products listed below (“Products”) will no longer be supplied anymore from our Yamakita site, Japan. As of September, 2017, these products will be supplied from Chiba site, instead. The product specifications will remain unchanged. There is no change in the raw materials and sources for the product that will be used. Sample of the product manufactured on the new location is made available to you upon request.

Please be reminded that the information contained in this notification should not serve as a substitute for your tests which you should conduct separately to ensure that Dow Corning’s product is fully satisfactory for your specific applications and compliant with all applicable laws.

<b>Material Number</b>	<b>Material Description</b>	<b>Start Production MM/YY</b>
4119294	DOW CORNING(R) AF-8014 ANTIFOAM , 20KG-PAIL	SEP, 2017
4119295	DOW CORNING(R) AF-8014 ANTIFOAM , 200KG-DRUM	SEP, 2017

We thank you for your understanding in this matter and appreciate your continued business. We look forward to serving you in future.

Please contact your local Dow Corning representative if you have any questions.
